

DISTRACTED DRIVING POLICY

_____ (Company name) has a vital interest in maintaining a safe, healthy and efficient working environment for its employees. This includes a safe and appropriate environment while traveling on company business. Distracted driving is a serious safety risk, not only to the driver, but also to other occupants in the vehicle, other vehicles on the road and pedestrians.

In order to reduce the risks associated with distracted driving, certain conduct is prohibited while driving a company-owned motor vehicle or while driving a personal vehicle while on company business, including:

- Using cell phones (including hands-free)
- Operating laptops, tablets, portable media devices, and GPS devices
- Reading maps or any type of document, printed or electronic

Drivers must pull over safely to the side of the road or another safe location before checking messages, returning calls, text messaging, emailing, reading maps for directions, or programming/resetting GPS devices.

A violation of this policy will subject the employee to disciplinary action up to and including termination.

I acknowledge that I have received a written copy of the Distracted Driving Policy, that I fully understand the terms of this policy, that I agree to abide by these terms, and that I am willing to accept the consequences of failing to follow the policy.
